Instructions for creating PPT presentations:

- The authors of papers prepare PPT presentations in English.
- Slovene authors present their contributions in Slovenian or English.
- The cover page of the presentation should contain the following information: name and surname, address, title of the presentation, event, and date.
- The name and surname of the author of the presentation should be written on each transparency.
- Time limit for presentations: 15 minutes for presentation and discussion.
- The last transparency should contain an acknowledgment and the name, surname, and contact information of the author.
- It is recommended that the PPT contains mainly images and graphics as visual support.

The text should be written in short sentences of no more than 3-5 words and 7 lines.

Choose a font that is easy to read; the size of the text should be appropriate to the content.

Use up to three different colours when preparing your presentation.
