

AlpBioEco final conference

Programme

8.15-8.45

Bioeconomy breakfast

Join the informal gathering & network

9.00-10.35

Welcome session

Get to know the AlpBioEco project, ask questions & hear interesting speakers.

10.50-12.50

Bioeconomy breakout sessions

Learn more about selected bio-based value chains & discuss them with our project partners.

You can join two breakout sessions focusing on the value chains of AlpBioEco:

- Apple value chain
- Herbs value chain
- Walnut value chain
- Digital market place and service platform

12.50-14.00

Lunch break

14.00-15.00

Business pitches

Get to know the experiences of businesses in eco-innovation.

You can switch between several rooms.

[Bonistra](#) | herbal distillation | Slovenia

[Ecopassion](#) | innovative hemp | Italy

[HELFE](#) | regional, herbal cosmetics | Austria

[Roelmi HPC](#) | innovative ingredients for health & personal care | Italy

[Vortex](#) | circular, functional and innovative cosmetics | Italy

[Walnussmeisterej](#) | walnut pioneers | Germany

15.00-15.30

Project pitches

Get to know the experiences of international bioeconomy projects.

You can switch between several rooms.

[AlpLinkBioEco](#) | linking bio-based industry value chains

[AllThings.bioPRO](#) | a game changer for the bio-based industry

[BIOBRIDGES](#) | bridging consumers, bio-based industries and brands

[CaSCo](#) | carbon smart communities

[EU ECO-TANDEM](#) | scouting sustainable innovation in the tourism industry

[GoDanuBio](#) | participative ecosystems for the revitalization of rural areas through bioeconomy

[Greencycle](#) | circular economy

[The European Bioeconomy Network, LIFT & BIOVOICES](#) | Inspirational project stories

15.25-16.15

Expert roundtables & discussion

Join bioeconomy experts from science, industry and politics to discuss & work together in small groups.

You can join one expert roundtable.

[Experiences of regional walnut production and marketing in Southern Germany](#)

Walnut cultivation in southern Germany is mostly small-scale farming, processing and marketing. This results in special challenges for cultivation, harvesting, quality assurance, organic certification and marketing, and a need for eco-innovation.

Speakers: Cornelia Ptach, Food chemist and CEO of Sinne & Sensorik; Ulfried Miller, Agricultural biologist and CEO of Friends of the Earth Germany, regional group "BUND" Lake of Constance-Upper Swabia

[Interreg Alpine Space 2021 & outlook to the next programme period](#)

How will the new programme be organized? How much funding is available? When can you expect a new project to start? Which topics are in the focus?

Speaker: Primož Skrt, Project Officer at the Joint Secretariat - Interreg Alpine Space Programme

[Insights into alternative packaging from apple pomace](#)

Participants will get insights into the experience with the production of alternative packaging made from apple pomace during the AlpBioEco project.

Speaker: Dr. Bettina Schwarzinger, University of Applied Sciences Upper Austria, FH OÖ Forschungs- und Entwicklungs GmbH

[C2C concept for a greener and brighter future](#)

Nature always follows zero-waste principles. What nature has done through evolution, humankind must do in design. Let's discover and define the C2C concept together!

Speaker: Tina Kovacic, Founder of FruitFibres and Waste Into Treasure

[Interactive Lab: the path to the creation of an eco-innovative business concept](#)

Participants will be actively involved in the creation process of eco-innovative ideas. With the help of interactive tools they will experience the method already tested by the AlpBioEco project partners.

Speaker: Sonia Barani, Junior Project Officer at the Italian Chamber of Commerce for Germany ITKAM

16.15-16.30

Closing

Join our AlpBioEco final conference on #bioeconomy and #innovation in the AlpineSpace!
